

TRENDS IN MARITIME HIGHER EDUCATION

Volume 16 Number 1

-Annual Digest-

January 2019

UNIVERSITY ENROLMENT 2017 - 2018

In 2017-2018, **66 070** students were enrolled in Maritime universities, down 0.4% from last year. Undergraduate enrolment decreased (-0.8%), mainly due to a (-5.9%) drop in the number of part-time students, whereas full-time undergraduate enrolment remained stable (-0.1%). Graduate enrolment increased (+2.0%). Overall international student enrolment was up 3.5% over the previous year. China was the top country of origin in all three provinces, representing 35% of all international students.

Enrolment in *Mathematics, Computer and Information Sciences* programs continued to increase in all three provinces (+13.2% over 1 year across the Maritimes). Ongoing declines were still observed for *Humanities* in Nova Scotia and Prince Edward Island (-6.2% and -2.2% over 1 year, respectively), as well as for *Physical and Life Sciences* in New Brunswick (-2.6%).

New Brunswick experienced a 1.7% decline in total enrolment from last year, down to 18 593 students. Enrolment declines were most pronounced for Canadian students from outside the Maritimes (-4.9%) and other Maritimers (-4.0%). Enrolment of NB residents decreased (-0.4%), although the rate of decline was the lowest of the past 5 years. Enrolment of international students decreased 3.4% over 1 year, with the decrease concentrated among students from China. The top three countries of international student enrolment include China, the United States, and India.

Nova Scotia had a slight enrolment decrease from last year, down 0.3% to 43 077 students. The decline concentrated among Nova Scotia residents (-1.9%) and for Canadians from outside the Maritimes (-1.4%), but these declines were largely offset by increasing enrolment from the other Maritime provinces (3.0%) and international students (4.0%). The top three countries of international student enrolment are China, India and Saudi Arabia. Out-of-province students account for 52.1% of university enrolment in Nova Scotia.

Prince Edward Island saw a 4.8% enrolment increase in 2017-2018, to 4400 students. Enrolment increased across all student groups, led by international students (+17.7%). The top three countries of international student enrolment are China, Nigeria and the United States. Enrolment of provincial residents increased by 0.3%.

The rate at which students attend university in their home province increased in New Brunswick (+0.2 percentage points) over last year, breaking a 12-year downward trend. The Prince Edward Island rate increased by 0.1 percentage points, following 5 years of decline. The Nova Scotia rate decreased 0.2 percentage points.

Table 12: Full-time Enrolment by Province, Institution, and Age Group

How to read the tables

Enrolment statistics are reported at the provincial and Maritime level for the 2017-2018 fall term. The percent change over one, five and 10 years (change since 2016-2017, 2012-2013 and 2007-2008, respectively) is provided to illustrate major trends. *Percent change is not reported for cells with small *n*. Below each summary table is the title of a corresponding table on the MPHEC website with a breakdown by university and other variables available at: <http://www.mph.ec.ca/research/maritimeuniversitystatistics/enrolment.aspx>

University enrolment is calculated from data in the MPHEC postsecondary student information system (PSIS), which contains detailed information on demographics, programs and courses for all students enrolled in 15 publicly-funded Maritime universities.
